Dear Braybrooke,

Fixtures 1932

Thank you for your post card.

The Committee of the Wiltshire County C. C. have reluctantly decided that they will be unable to have a fixture with the Gloucester Gipsies in 1932. We do not play matches out of Wiltshire and the Committee felt that the opposition in the last three years was not sufficiently strong to extend a side containing 6 or 7 of our County XI. If, however, you can assure me that you will be able to put a much stronger side in the field in 1932 we shall have great pleasure in again fixing up a match that has always been most enjoyable.

Yours sincerely
Reginald Forrester

With reference to your letter. I must confess that I can do further at all. I should like to say to you that the Gloucester Gyms could not even consider renewing a fixture with your club on the terms you suggest.

I'm sorry that we had further trouble about all the last clubs in the West County and therefore a fixture of quite some importance such as yours, in which of course we would make consideration as regards the strength of your side. I should be glad if you could decide over the matter.

Let a member of the Gloucester Club & your side play Wiltshire, as a test occasion to determine the by a means of a competition of your Gloucester Club & your side & will the Gyms take a good one, so it seems surprising to think that you should consider yourselves

to give the flag as
Hence we are not in the least sorry to see a fixture with your club, as we can always play on the whole for better fixtures than you club can offer.
